COMPACT BLUEWASHBOX
BlueWash Solution

FEATURES

INCLUDED MACHINES:
Compact laundry container consisting of:
• 18 kg washer
• 10 kg washer
• 18 kg dryer
Electric boiler for hot water (capacity 80 litres).
Possibility of incorporating the new DANUBE LAUNDRY KIOSK central pay with a 12’ digital screen, allowing contactless payments with cards or smart devices (NFC).
Reduced installation power, only 17kW.
A single connection point for the electricity grid, water and drainage at the bottom of the container. Large surface area to adapt to the installation.
Winter pack option recommended for ambient temperatures below -10°C.

EASY TOUCH 2

All machines are controlled by EASY TOUCH 2, with 7’ colour touch screen, fully programmable and user-friendly.
37 languages available

CONNECTIVITY

DANUBE ONLINE communication - Standard and free connectivity.
DANUBE ONLINE IoT allows you to manage your compact laundry, creating discount programmes, view statistics, etc.
Remote payment via **DANUBE LAUNDRY APP,** for payments via QR code, promotions and machine booking.

VERSATILITY

Custom-made: the Compact Bluewashbox can be customized.
Ready to be easily transported by forklift from below or by crane via 4 lifting points.
SEVERAL APPLICATIONS
Gas stations, car wash station, mining or oil fields, public parking, mass events, supermarkets, investors, campsites, natural disasters, fire zones, etc.

ROBUSTNESS

Structure made of galvanised steel with skinplate fairing.
Safety glass composed of 5mm glass, polyvinyl butyral film and another 5mm glass film.

MAINTENANCE

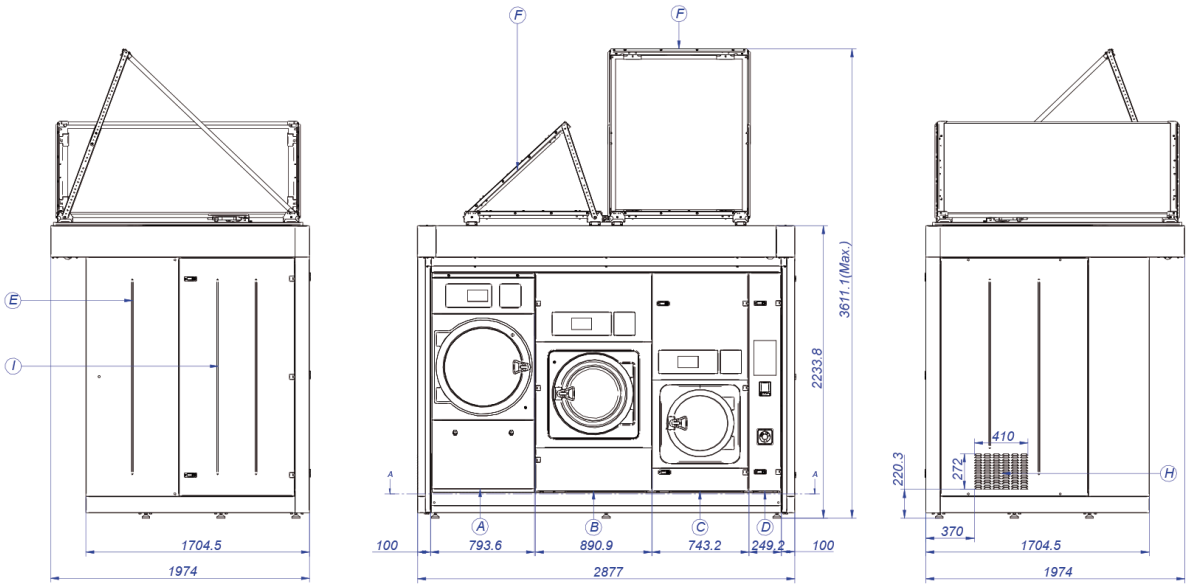

Easy and ergonomic access for technicians and chemicals through the side and rear panels.
Equivalence of parts: many key parts are identical for all models (contactors, electronic components, motor, etc.).
Easy access to components for repairability through the hinged front, side and rear panels.
Technical menu: telemetry, fault diagnosis, etc.
